Varun Kumar Margana

varungoud873@gmail.com | +91 8179569047 | Palakol, Andhra Pradesh

PROFESSIONAL SUMMARY

Computer Science graduate (B.Tech CSE – AIML) with hands-on experience auditing data, finding and fixing errors, and meeting tight deadlines during a data science internship. Skilled in SQL, MySQL, Python and Java, with Microsoft Azure Fundamentals certification and a working knowledge of HTML and CSS. Careful, analytical problem solver who pays close attention to accuracy and detail. Speaks English and Telugu. Seeking an entry-level technical support role.

WORK EXPERIENCE

Pantech-Elearning, *Data Science Intern* 06/2023 – 08/2023 | Hyderabad

- Investigated and audited large datasets to spot errors and keep data accurate and consistent.
- Worked on text and image-based classification tasks requiring precision and high attention to detail.
- Implemented natural language processing algorithms for text-based analysis tasks.
- Tested and validated models, then tuned them to improve accuracy and reliability.
- Sustained focus on repetitive tasks under tight deadlines.

PROJECTS

Sentiment Analysis of Product Reviews *Python, NLP, SQL, Tableau*

- Built a classification model to identify product review sentiment (positive, negative, neutral).

Face Detection with ML Kit *ML Kit, Computer Vision*

- Implemented real-time face detection using ML Kit's API on video and image data.

Library Management System *SQL, MySQL*

- Designed the database and user interface, ensuring data accuracy and logical consistency.

Health Administration

- Worked with health data systems and learned how IT supports record management, with attention to compliance and sensitive data.

EDUCATION

B.Tech in CSE – AIML, Swarnandhra Institute of Engineering & Technology 2020 – 2024 | CGPA: 6.8

Intermediate (MPC), Aditya Junior College 2018 – 2020 | CGPA: 5.6

SSC, Sri Sai Chaitanya Techno School 2017 – 2018 | CGPA: 8.8

SKILLS

Technical Support: Basic Computer Hardware and Software Troubleshooting, Windows Operating System, MS Office (Word, Excel, PowerPoint), Basic Networking and Internet Troubleshooting, Software Installation and Configuration, Email and Application Support, Ticket Management and Issue Resolution

Data & Visualization: MySQL, Tableau

Languages: C, Java, Python, SQL

Computer Vision: Face Detection, Image Processing, ML Kit

Cloud & Web: Microsoft Azure Fundamentals, HTML, CSS

Tools: PowerPoint

Machine Learning & AI: Machine Learning, Deep Learning, NLP, Predictive Modeling, Scikit-Learn, TensorFlow

Soft Skills: Time Management, Teamwork and Collaboration, Quick Learning and Adaptability, Attention to Detail

CERTIFICATIONS

- Fundamental Cryptography – Infosys Springboard
- Deep Learning for Developers – Infosys Springboard
- HTML – Infosys Springboard
- Microsoft Azure Fundamentals – Microsoft
- C Programming – BDPS Institute

Languages: English, Telugu
